Dear Dr. Junfeng Ji and Mr. Xianqiang Meng,

I would like to invite you to join me doing geology field work in the Mojave Desert from December 03 through December 11, 2016. Dr. Ji and I have had a productive relationship since 1999 that has resulted in numerous research publications in international journals. I look forward to continuing that relationship with Dr. Ji by examining eolian source sediments from the Mojave Desert.

Regards,

Dr. William Balsam
